We and the UK Government are clear that the Congestion Charge is a charge for a service and not a tax. This means that diplomats are not exempt from paying it. The majority of embassies in London do pay the charge, but there remains a stubborn minority who refuse to do so, despite our representations through diplomatic channels.

We will continue to pursue all unpaid Congestion Charge fees and related penalty charge notices and are pushing for the matter to be taken up at the International Court of Justice.

A Penalty Charge Notice (PCN) is the formal notification sent when our records show that a vehicle was photographed in the Congestion Charging zone and we have no record of payment of the Congestion Charge and it is neither exempt nor registered for a 100 per cent discount.

Should you receive a PCN you have a right to contest it. This may be done through the Representation and Appeals process. Further details of how to make representations against the PCN will be provided on all PCNs issued. If the representation is rejected, you can then make an appeal to London Tribunals, an independent body.
